

Personal Support Worker Certificate Curriculum Toolkit

Personal Support Workers are employed in roles within the healthcare sector including: hospitals, nursing home, assisted care facilities for the elderly along with other healthcare establishments. The program, led by knowledgeable nursing staff, develops the personal support worker with required knowledge and skills through theory, practical and practicum activities in preparation for a rewarding career as a personal support worker.

The eSSential Personal Support Worker Toolkit includes:

- The 700-hour curriculum is developed in alignment to the Ministry program application, PSW subject-specific standards providing detailed documentation to meet regulatory compliance.
 - ✚ 390 hours of theory and practical activities
 - ✚ 110 hours of practicum placement in a community setting
 - ✚ 200 hours of practicum placement in a facility setting
 - ✚ Access to instructor resources, test bank, and assignments via the purchase of referenced textbooks in the curriculum
- Pre-screening of program application in PARIS.
- Customization of market research and job ads within a designated area; maintenance documentation specific to your college; documentation of teaching inventory at your college; and listing of comparative colleges.
- Submission of curriculum files to independent third-party assessors.
- Completion of PARIS system entries and submission of curriculum files.
- Supporting consultation with Ministry inspector up to the Superintendent's approval.

Designed for Private Career Colleges, the Personal Support Worker Certificate Program is for colleges who:

- Want a fully comprehensive new or updated curriculum with optional delivery modes available via:
 - **Instructor-led** classroom design with a practicum placement **OR**
 - **Distance education** design meeting the Ministry requirements for a minimum of 20% synchronous and 80% a-synchronous learning with a practicum placement

About Jerry Bishop:

Jerry Bishop has been providing regulatory compliance and strategic partnership consulting services to Private Career Colleges in Ontario since 2004. 100% of Jerry's programs have received positive distance education, adult education, and subject matter expert independent third-party assessments.
